

billets suitable for jail ovens and payment made only for the quantity of firewood so chopped and used in the Jail and not for the billets brought into it.

10. A fine not exceeding Rs. 50 will be levied at the discretion of the Superintendent of the Bangalore Central Jail and subject to the approval of the Inspector-General of Prisons in each case for any infringement of the stipulations of the contract or for the supply of any inferior article, and if frequently violated, the contract may be annulled and the security confiscated to Government.

11. The decision of the Superintendent of the Bangalore Central Jail, subject to the approval of and revision by the Inspector-General of Prisons, will be final in all questions of infringement of contract.

12. Any further information can be obtained by applying at the Superintendent's Office.

13. The contract will be subject to the confirmation by the Inspector-General of Prisons.

14. In case of the contractor, after taking the contract, being not willing to carry out his agreement, he shall give at least one month's notice and shall forfeit the security money to Government. The contractor will also be bound to make good to Government any loss which may arise from his failure, or by Government having to purchase the article specified in the contract in the local market at higher rates than those contracted for.

N.B.—No concession of any kind will be allowed on the above contract.

GOVERNMENT OF MYSORE—ELECTRICAL DEPARTMENT.

OFFICE OF THE DEPUTY CHIEF ELECTRICAL ENGINEER IN MYSORE, BANGALORE.

Notification No. G. N. 11, dated 11th October 1939.

SUPPLY OF STATIONERY ARTICLES.

Sealed tenders are invited for the supply of Stationery Articles, etc., briefly described in the undermentioned schedule and they will be received in the Office of the Chief Electrical Engineer to the Government of Mysore, Bangalore, up to 12 noon on the 17th November 1939, with the superscription "Tender for Stationery Articles to be opened at 12 noon on the 17th November 1939."

The exact time of delivery should be mentioned for each item and the same should be adhered to without fail. However, the entire supply should be effected in not more than three months from the date of the order and such of the items as are not complied with at the end of three months from the date of the order get cancelled automatically and purchase thereof will be made from any other agency at the risk and expense of the original suppliers. Besides, the Chief Electrical Engineer reserves to himself the right to levy a penalty of three per cent of the value of the order as and by way of liquidated damages.

Each item tendered for in the schedule will be considered as a separate and distinct tender in itself. The Chief Electrical Engineer does not bind himself to accept the lowest or any tender but reserves to himself the right to select from any tender such items as he may consider it expedient to accept.

Unless otherwise mentioned, the supplies will have to be delivered in the Office of the Chief Electrical Engineer. In the case of such of the items as are required to be delivered outside Bangalore, (such as Mysore, Oorgaum, Bhadravati, Maddur, Closepet, etc.), the firms should quote their rates for delivery of the items at those places and this fact should be clearly mentioned in the tender in respect of such items. Failure to do so will be interpreted as though the rates quoted are for delivery at the places specified.

Samples of articles should be submitted along with the tender, wherever necessary; otherwise, the quotations are likely to be not considered.

The general conditions of contract prevailing in the department for local purchases will hold good in all cases.

$7' \times 1'-2" \times \frac{3}{4}"$	150 "
$7' \times 1'-0" \times \frac{3}{4}"$	100 "
$11\frac{1}{2}' \times 1'-0" \times \frac{3}{4}"$	80 "
$11' \times 1'-0" \times \frac{3}{4}"$	160 "
Battens 1" thick and 1" wide	7,000 R.ft.

As the above materials are required very urgently, you must clearly mention what quantities you can supply from ready stocks and for the balance, what time is required.

Your quotation should hold good for a period of one week from the due date.

The tender must be delivered in the office of the Chief Electrical Engineer, Bangalore, on or before the 4th of November 1939, at 12 NOON.

On the envelope must be superscribed "Tender for Store Racks Materials, 4th November 1939, 12 NOON".

The Chief Electrical Engineer reserves to himself the right to accept the lowest or any of the tenders without assigning any reasons therefor. He shall also have the right to cancel the order in case the accepted tenderer fails to supply in accordance with the terms of the order and within the specified time, and purchase such materials elsewhere at the risk and expense of the firm that did not comply.

M. S. Angles must conform to the Standard Specifications and the Jungle-wood planks and battens must be free from defects, such as, cracks, knots, sap, etc., and well-seasoned. The tendering firms should specify the species of wood or timber for which they have quoted. The supplying firms must agree to replace all rejected material within a reasonable time. The decision of the Chief Electrical Engineer in matters of rejection of material shall be final.

The firm whose material is rejected shall be bound forthwith to remove at their own expense all articles so rejected.

M. HAYATH,

Deputy Chief Electrical Engineer.

OFFICE OF THE SUPERINTENDENT, POWER AND LIGHTING, MYSORE.

Notification dated 17th October 1939.

1. Sealed tenders in triplicate will be received at the office of the Superintendent, Power and Lighting, Mysore, superscribed with the name of the work noted below.

2. A sum of rupees one hundred and ten (Rs. 110) only is required to be sent along with the tender in cash or currency, being the earnest deposit. Tenders not accompanied with the said deposit will not be accepted.

3. The plans connected with the work may be seen at the office of the undersigned at all working hours. The same will be made available on payment of Rs. 3 per set.

4. The tenders should be drawn up strictly in conformity with the specifications furnished, writing out the rate at which each item of work will be executed in figures as well as in words, failing which no cognisance will be taken of the tender. No items other than those noted in the statement should be included, as the items cover provision for all sundries that are necessary for the execution of the work to meet with the requirements of the department.

5. Materials to be used on the work should be of best quality conforming to the specification of this department and B.S. or A.I.E.E. specifications. Mention should also be made of the manufacture and the catalogue numbers of the materials offered. Teakwood planks to be used on the work should be free from knots, cracks and should be well seasoned. No planks less than 12" in width will be permitted to be used unless it is to make up the difference in size of the board required. Only lap joints should be adopted in all cases.

6. The undersigned reserves the right to reject the tenders without assigning any reason therefor.

7. The successful tenderer will be required to execute an agreement within two days from the date of communication of acceptance of the tender. He should send samples of all the materials required for the work mounted on a board and start the work after obtaining the approval of the undersigned with regard to the same within a week, from the date of communication of acceptance. Failure to adhere to the conditions above will entail forfeiture of the earnest deposit and adoption of such measures as are necessary for expediting the work otherwise entirely at his risk. He should also bind himself to execute the work strictly adhering to the wiring rules of this Department as well as those of I.E.E. He should also be prepared to adopt changes in the location of fixtures, control points, etc., that might be desired by the undersigned during the progress of the work without any obligation, if the tender is not materially affected thereby.

8. The undersigned reserves the right to reject the work either in full or in part if the same is not executed according to above specifications or is not satisfactory as regards workmanship.

9. Special care should be taken to afford metallic continuity and to provide efficient earthing to the installation as the system of wiring adopted is in conduit, embedded in the wall.

10. *Name of the work.*—Installing Ceiling Fans to the Assembly Hall at Jaganmohan Palace, Mysore.

11. *Last date and time of receiving the tender.*—6th November 1939 at 3 P.M.

12. *Last date and time for opening the tender in public.*—6th November 1939 at 4 P.M.

13. A period of 12 weeks from the date of acceptance of tender will be allowed for the completion of the work in all respects. If the installation is not handed over to the Department with service on the due date the Department will arrange to take charge of the Installation at whatever stage it might be and arrange for completion of the work through any other Agency, at the risk of the tenderer.

14. The firm executing the work should arrange while handing over the installation to this department, to pass a certificate of guarantee for the fans and continuance of satisfactory service to the installation for a period of 12 calendar months from the date of handing over charge to this department while uninterrupted power supply is maintained. Further, it will be obligatory on the part of the firm to attend to any defects in the installation that might crop up during the above period without any return for service rendered.

15. *Details of work.*—The quantities given in the annexed statement are not guaranteed and are subject to variation at the time of executing the work.
